In this era of globalisation, the parameters of education have changed and broadened to a large extent. We at LAS endeavour to provide an all round development and sound moral base in the disciplined classrooms and one energetic sports session. LAS comprise of junior wing-Pre Nursery to class IV and the senior wing has classes V to XII. Our flowering buds, barely 3, are bewildered and hesitant to leave the warm surroundings at home. But when they walk into LAS, are totally absorbed. LAS world is vibrant with colorful hues where there is room for growth in all the fields; educational, social and physical. The teachers use play-way, child friendly method in the pre primary section. Whereas classes I to IV are more subject based but quite modern.
